Additionally, please indicate whether AIFF has a preferred VAR deployment model (venue-based, centralized, or hybrid).</p>	VAR services do not form a part of the scope of this RFP. However, in the event an interested Bidder proposes to include the same as part of the Bid, the same may be considered by AIFF as part of the evaluation process.

Please confirm that our understanding is correct, and that any such fee/s is not part of our scope.</p>	<p>Local availability of lease line will be provided by the host Club and speed of the connection may be increased as per the requirements of the broadcaster in consultation with the host Club per venue.</p>

21.	Logistics and Cost: The current schedule involves many back-to-back cities, which would require [5 to 6] sets of equipment and manpower to manage simultaneously. This will lead to a significant escalation in costs.	The preliminary schedule that was shared as part of the Clarifications in Response to Queries from Interest Bidders – Volume I dated 25 January 2026 is final. The same has been reattached to these clarifications as Annexure – 1. Any minor changes that are made in the future shall be communicated in time to all concerned parties.

In the revised scenario, where a company is bidding solely for Broadcasting Rights and/or Digital Streaming Rights, kindly clarify the objective of the Performance Security and specify the obligations and liabilities it is intended to secure.	<p>The requirement of Performance Security is to safeguard the commercial integrity of the Competition and ensure uninterrupted delivery of the minimum broadcast obligations.</p> <p>In particular to protect against aspects including but not limited to the following:</p> <ul style="list-style-type: none"> (a) Full and timely broadcast and/or streaming of matches; (b) Compliance with minimum broadcast obligations; (c) Revenue protection for AIFF, clubs and their respective sponsors; (d) Operational protection and contingency risks; and (e) Contractual compliance beyond mere telecast/streaming of the Matches.

S. No	Reference Section/Particulars	Clarifications														
24.	We note that the clause provides for completion of negotiations and execution of the Contract within 15 days from the date of issuance, failing which AIFF may forfeit the Bid. As this timeline requires timely engagement from both Parties, we believe the obligation should not operate unilaterally against the Successful Bidder. Accordingly, we request that this provision be reconsidered or suitably revised to reflect a mutual obligation.	Considering the timelines involved, the contractual negotiations will be on a good faith basis. AIFF and the Selected Bidder shall mutually take steps to comply with the timeline.														
25.	In the spirit of transparency in the Bidding process, we request that the Bid submissions and opening takes place in physical presence of all the Bidders.	Interested Bidders may choose to attend the opening of the Bids physically or by virtual means.

27.	We note that the sub-criteria for evaluation under the Technical Bid have been set out in the RFP. However, kindly confirm the specific points and weightage allocated to each criterion and sub-criterion, including the relative scoring assigned to each. In particular, we request a detailed, point-wise break-up of the total 70 marks allocated to the Technical Criteria.	<p>The Technical Bids shall be evaluated on the following basis under each Package:</p> <table border="1" data-bbox="889 1108 1360 1898"> <thead> <tr> <th colspan="2" data-bbox="889 1108 1360 1146">Package A</th> </tr> <tr> <th data-bbox="889 1146 1127 1184">Criteria</th> <th data-bbox="1127 1146 1360 1184">Points</th> </tr> </thead> <tbody> <tr> <td data-bbox="889 1184 1127 1255">Valid Incorporation</td> <td data-bbox="1127 1184 1360 1255">2.5</td> </tr> <tr> <td data-bbox="889 1255 1127 1327">Valid GST Registration</td> <td data-bbox="1127 1255 1360 1327">2.5</td> </tr> <tr> <td data-bbox="889 1327 1127 1684">Networth</td> <td data-bbox="1127 1327 1360 1684"> INR 10,00,00,001 to INR 12 crores – 2 INR 12,00,00,001 to INR 15 crores – 3 INR 15,00,00,001+ - 5 </td> </tr> <tr> <td data-bbox="889 1684 1127 1789">Broadcast/Streaming Experience</td> <td data-bbox="1127 1684 1360 1789"> 0 – 3 events – 5 4 – 6 events – 7 7+ events - 10 </td> </tr> <tr> <td data-bbox="889 1789 1127 1898">Production Experience</td> <td data-bbox="1127 1789 1360 1898"> 0 – 2 events – 5 3 – 4 events – 7 5+ events - 10 </td> </tr> </tbody> </table>	Package A		Criteria	Points	Valid Incorporation	2.5	Valid GST Registration	2.5	Networth	INR 10,00,00,001 to INR 12 crores – 2 INR 12,00,00,001 to INR 15 crores – 3 INR 15,00,00,001+ - 5	Broadcast/Streaming Experience	0 – 3 events – 5 4 – 6 events – 7 7+ events - 10	Production Experience	0 – 2 events – 5 3 – 4 events – 7 5+ events - 10

45.	<p>Please clarify whether “highest value” refers to the aggregate consideration for the entire Package or whether any specific component will be given weightage.</p>	<p>Section 11.16 of the RFP refers to the cumulative value and will be applied to each Package accordingly.</p>
46.	<p>In view of evolving audience consumption patterns and programming constraints, kindly consider revisiting the prescribed duration requirements and providing appropriate flexibility to the Selected Bidder (on highlight packages).</p> <p>Additionally, it is our understanding that Bidder will not be required to comply with the minimum broadcast obligations in cases of match cancellation or Force Majeure Events. Please confirm.</p>	<p>The prescribed duration requirements for highlight packages may be applied with reasonable flexibility, depending on the circumstances and the specific Match in question.</p> <p>With respect to minimum broadcast obligations, the Selected Bidder shall not be required to comply with such obligations in the event of match cancellations or the occurrence of Force Majeure Events, provided notification of such cancellation or occurrence of a Force Majeure Event has been issued by AIFF.</p>
47.	<p>Kindly consider revisiting this restriction and permitting unrestricted replays during the Term.</p>	<p>AIFF can permit usage of the same during the Term.</p>

48.	Please clarify whether short-form clips, highlights and excerpts from matches may be commercially monetized on social media platforms (including but not limited to YouTube, Instagram, Facebook and X). In this regard, kindly share AIFF's content usage policy.	This can be commercially monetized within the ambit of Digital Rights during the Term.
49.	We understand that the interested Bidder is required to provide a marketing and promotional plan surrounding the broadcast of the Indian Super League season 2025-26. Aside from the foregoing, there are no restrictions on the promotion and marketing rights granted to the Selected Bidder. Please confirm this understanding.	The AIFF does not prescribe any restrictions on the promotion and marketing rights granted to the Selected Bidder, except what is provided for in the RFP, any clarifications to the RFP, and any restrictions that may be prescribed under the Applicable Laws.
50.	For the exploitation of the Media Rights, a Selected Bidder may choose to sub-contract, sub-license etc. all of which will require prior approval of AIFF. However, there are no timelines specified for such approvals. We request AIFF to provide reasonable timelines for all written approvals.	Please refer to our response at S No 30 above.
51.	Please confirm that all the content provided by AIFF to the Selected Bidder would be compliant with applicable law of the Territory, rights cleared (including music) and that no approvals/consents would need to be obtained (or payments need to be made) separately, including for in-stadia music (forming part of the Feed).	Please refer to our response at S No 40 above.
52.	Please clarify if only the PDF of the Bid document having the initial on each page and duly signed by a duly authorized representative of the Bidder should suffice.	All Bid Documents submitted for consideration of AIFF shall comply with Section 3.10 of the RFP.
53.	Please clarify if this requirement entails declarations pertaining to sports apparel and equipment only.	Section 9.1(d) of the RFP shall be deemed deleted and replaced by the following: <i>“A self-attested declaration to establish the past experience of the Bidder (and/ or any of its members in case of Consortium) in relation to the requirements mentioned at Section 8.2 (e) (i) and (ii), providing details of the same.”</i>

S. No	Reference Section/Particulars	Clarifications
54.	<p>The Bidder is required to provide copies of contracts / work orders for live production of professional sports events that are (a) organised by national sports federation events, or are (b) national leagues, or top-tier championships for the last three (3) or more years; include broadcaster affidavits / completion letters.</p> <p>Due to confidentiality restrictions, we can only provide details of such live productions. Request for necessary modifications to be made to the RFP.</p>	<p>In cases of confidentiality restrictions, interested Bidders may provide a self-attested declaration providing information that is not restricted by confidentiality.</p>
55.	<p>We request the AIFF to provide flexibility to the Selected Bidder to appoint commentators as it deems fit.</p>	<p>AIFF shall provide such flexibility to the Selected Bidder, subject to minimal criteria as laid out in the Contract.</p>
56.	<p>Given that the interested Bidder is obliged to submit an exhaustive list of documents and information to demonstrate its technical capabilities, expertise and experience, we suggest the requirement of approval of the technical architecture be removed as the same seems to be overarching and intrusive.</p>	<p>Section 11.14 of the RFP shall be deemed deleted and replaced by the following</p> <p><i>“Only those Bidders obtaining a minimum score of seventy per cent (70%), i.e., thirty five (35) or more points in the evaluation of their Technical Bid would be eligible to be evaluated in the second part of the Selection Process. Minimum technical qualification shall include meeting the mandatory broadcast thresholds (production experience, platform capability, delivery architecture).</i> A Bidder who gets the prescribed minimum points in the Technical Bid evaluation shall constitute a <i>“Qualified Bidder”</i>.”</p> <p>There shall be no approval of technical architecture by AIFF.</p>
57.	<p>In view of the requirement to submit audited annual reports for the last three financial years, please clarify whether a separate Chartered Accountant’s certificate is required.</p>	<p>Yes, the certificate shall attest the Networth of the interested Bidder.</p>
58.	<p>Clause 9.1(c) requires submission of annual reports audited for the last three financial years. In light of this requirement, please clarify whether submission of a separate Chartered Accountant’s certificate is still mandatory. Further, if such certificate is required, kindly provide the definition and computation methodology for “Minimum Average Revenue.”</p>	<p>Minimum Average Revenue shall mean the minimum average gross revenue per FY generated by the interest Bidder from the exploitation of broadcasting rights and/or digital streaming rights and/or production rights (as applicable), calculated over the last three (3) FY’s.</p>

59.	Please provide the format of the bank guarantee.	AIFF will accept the bank guarantee in a format approved by any scheduled commercial bank in India and subject to Applicable Law.
60.	We request the end date of the Term be revised to extend the same until the end of relevant calendar year.	The Term cannot be extended to the end of the relevant calendar year, as such an extension would interfere with the rights of the official broadcaster appointed for the subsequent season of the Competition.
61.	Please provide a package-specific list of documents required to be submitted by the interested Bidder. For instance, if a Bidder is bidding for Package B, the Bidder should not be required to submit documents relating to the production of Feed.	Any production related document that are described as part of the list of documents required to be submitted shall only be required to be submitted in case of Bidders submitting their bids as part of Package A and Package E. The Bidders that are submitting their bids under Package B, Package C and Package D are only submitting their Bids for broadcast and/or streaming of the Competition and need not submit any production related documents.
62.	Request of season schedule including days, times, venues? If not final, a preliminary schedule with indication of what's fixed and what's subject to change.	Please refer to our response in S No 21.
63.	Is a multiyear assignment possible? We are agile and quick to set-up and deliver results, but we make most impact in a long-term cooperation.	In light of the extraordinary circumstances surrounding this season of the Competition, this assignment only relates to the upcoming season. However, potential multi-season opportunities may be available soon.
64.	Are there production guidelines / specifications in terms of number of cameras (inc. type and lenses), graphic templates and/or other specifications to adhere to?	Please refer to Annexure- 2 of the Clarifications in Response to Queries from Interest Bidders – Volume I dated 25 January 2026.
